**final Report of Vietnamese team project on "child rights ,
classroom and school management"**

Title of the project:

**PROMOTING STUDENTS' ACTIVE PARTICIPATION IN SCHOOL
ACTIVITIES"**

Country Team: VIETNAMESE

Name of Participants : Nguyen van Hai

Nguyen Thi Thanh Lan

Ho Thi Thanh Ha

Mentor: PhD. Ass. Prof. Per Wickenberg

Activities have been done after Tanzania

I. Team work : In order to

- continue implementing good practices at our schools .
- keep the sustainability of our project.
- involve more teachers, students and stakeholders in the project.

We have organised the following activities:

1. Encouraged students to organize more and more activities affecting them for example :discussions on clothes (uniforms or casual clothes). What students should do to protect the environment
2. Attended meetings "Ho Chi Minh Youth Pioneer Organization" of the class giving advice and supports to their activities.
3. Met the school board again to report the result and ask for more support from them.

II. Individual work :

Lan's activities

1. Met the subject teachers again to report the results and listen to their opinions
2. Met students' parents again to show them the benefits of the project. Ask for more support from them.
3. Extended the project to 3 other class (class 8 A 12, 7 A11, 9 A 12) with 45 students for each class

Ha's Activities

1. implemented pilot introduction CRC to teachers of the English faculty and Psychology- Pedagogy faculty and 40 teacher trainees of English in The Hanoi Teachers Training College
2. worked with the Hanoi Women Union organisation to carry out seminars in order to introduce CRC and do training to mothers and children in the Hanoi area.

Hai's Activities

Implemented activities to the *Faculty of Educational Management (FEM)*

A. BACKGROUND INFORMATION OF THE FACULTY OF EDUCATIONAL MANAGEMENT (FEM) the Faculty of Educational Management (FEM), The Hanoi National University of Education (HNUE)

1. Mission

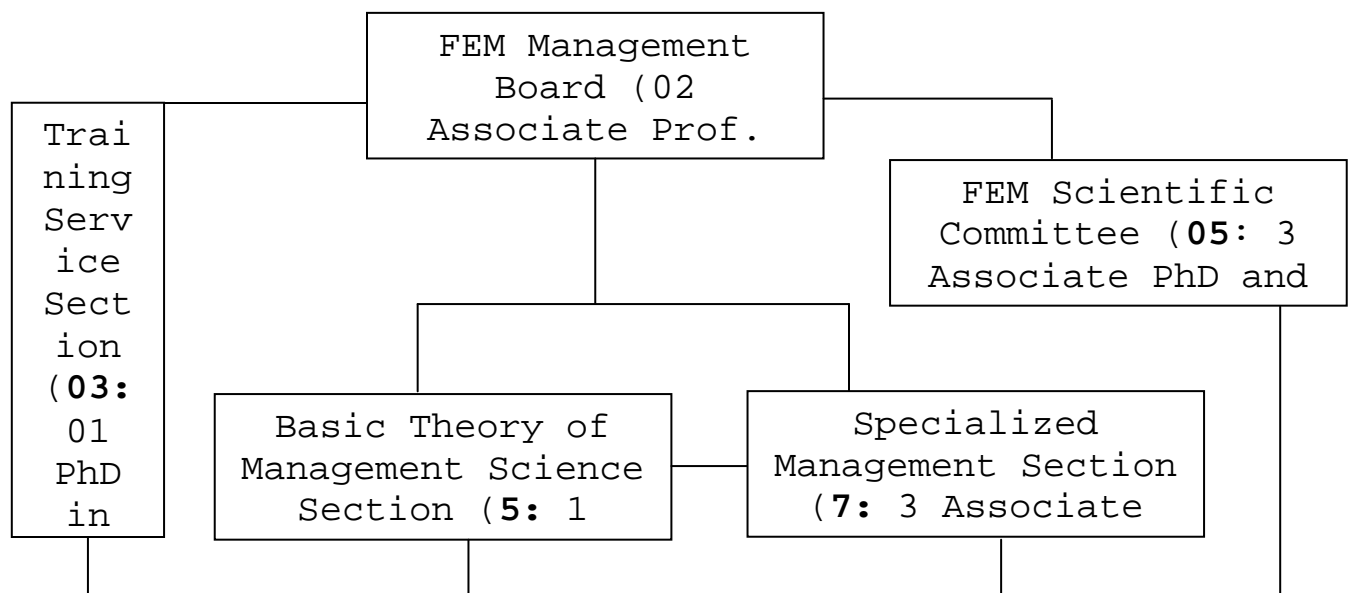

FEM struggle to be one of the leading training institutions in Vietnam to train education managers at a high quality level as well as a research center for development of educational management science, informatics and services in the field, which can be able to cater for national education renovation, industrialization, modernization, a long life learning society and the age of development trends

2. Functions and tasks of FEM

- To develop curriculums, textbooks, training materials and conduct training courses for manager at all levels over the country.
- To indentify the reality needs on training education managers to meet.
- To be in cooperation with internal and external organizations to train and do research in the field.

3. Structure

FEM have a staff of 15 members up to now and structured as followings:

Professional knowledge of the staff are education management, psychology and pedagogy. Training activities focus on experienced managers at different levels, especially at general level.

We have 05 master training classes and some in service BA training classes in all over the country with about 2.000 participants.

We also have collaborators who are leading in the field of education management to support effectively our training.
